# Sebastián Montenegro, 35

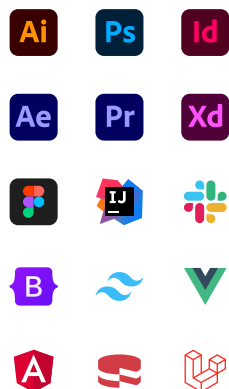

Eligible to work in Ireland  
European Citizenship and Passport

Visual Communication Design (Bachelor's Degree) · La Plata National University

With over a decade of professional experience encompassing Graphic Design, Web Design and Development, Social Media Campaigns, Motion Graphics, Video Editing, and UX/UI Design, I bring a comprehensive skill set to the table. Throughout my career, I have consistently demonstrated my ability to blend visual creativity with technical expertise to deliver exceptional results.

With a collaborative mindset and strong leadership skills, I thrive in navigating challenges and finding effective solutions. Rooted in continuous improvement, I view obstacles as opportunities for growth. I am poised to contribute to refining design concepts and ensuring seamless integration across teams, committed to delivering excellence and driving collective success.

UNQUI, Quilmes, Buenos Aires, Argentina.

As a UX/UI Designer and Front-end Web Developer, my daily workflow seamlessly integrates design and development tasks to ensure cohesive and user-centric digital experiences. Beginning each day with a thorough review of project requirements and user feedback, I prioritize tasks based on project timelines and objectives.

My approach to working as both a UX/UI Designer and Front-end Web Developer is characterized by adaptability, collaboration, and a commitment to delivering high-quality solutions that meet both user needs and business objectives.

## Design skills

As a Visual and UX/UI Designer, I engage in comprehensive user research, leveraging the Design Sprints process to gather insights and inform design decisions, and implement benchmarking strategies to inform wireframing and prototyping. Through iterative collaboration with stakeholders, I refine designs based on feedback to optimize usability. I stay updated on industry trends to ensure designs remain cutting-edge.

## Development Skills

Transitioning to Front-end Web Development, I craft visually engaging interfaces using HTML, CSS, and JavaScript, supported by Vue.js, Angular, Laravel, CakePHP, and Tailwind CSS. I ensure seamless integration of dynamic functionalities and meticulous implementation across devices and browsers for optimal performance and accessibility. Maintaining open communication with teams, I address challenges promptly to align with project objectives and timelines.

## Bilingual

I am a native **Spanish** speaker with certification at the Upper-Intermediate level in **English**. Additionally, I possess advanced proficiency in reading and comprehending **Portuguese** and **Italian**.
